

Professor Budlong Puts Tanlac to Test

Prof. C. J. Budlong, Manchester, N. H.

"It's an actual fact, I'm in good health for the first time in thirty years and I owe my present splendid condition to Tanlac and nothing else," was the emphatic statement of Prof. C. J. Budlong, well-known and highly respected citizen of Manchester, N. H., residing at 42 School street.

"Practically all my life I had had rheumatism, and when I say rheumatism I mean every word of it. It was all over my body and especially bad in my feet and legs and there were times when I couldn't get from my bed to my chair without help. And from the time I was a boy I couldn't sit down and eat a good meal without being in misery afterwards and I would have terrible pains around my heart and frequent attacks of palpitation and dizziness. I had a stubborn case of constipation, was troubled awfully with

blinding headaches and hardly knew what sleep was. My suffering had almost made a complete nervous wreck of me and I was so weak I wasn't worth a nickel so far as work was concerned. I thought my troubles had a life-long grip on me and was about as discouraged as a man ever gets.

"Well, before I had finished my first bottle of Tanlac I realized it was different from anything I ever tried. It suited my case exactly. And now for almost the first time since I can remember I can eat anything I want and digest it. I haven't an ache or a pain and have gained fifteen pounds in weight. I just feel good all over and am full of life and energy these days. Everywhere I go I talk Tanlac. It hasn't an equal."

Tanlac is sold in Ada by M. A. Walts Drug store.

IN SOCIETY

A. P. Steed was in the city a short time this week visiting his parents, Mr. and Mrs. W. H. Steed.

N. T. McAllister, who has been located at Sweetwater, Texas, for the past month, arrived in the city this week for a visit with his family.

Miss Helen Donaldson who visited friends in Drumright over the week end holidays, returned to her home here Tuesday.

Miss Olla Hall of Maysville arrived in the city Tuesday for a visit with her friend, Miss Alta Marsh at her home, 927 East Ninth street. Miss Hall will visit here several days before returning home.

Mr. and Mrs. G. H. Harrison were mid-week visitors with relatives in Pauls Valley.

Miss Grace Wilborn left Tuesday afternoon for Oklahoma City where she will spend the week visiting relatives and friends.

Siris Herring returned to his home in Oklahoma City yesterday after spending the holidays with his parents in this city.

Mrs. G. L. Kennamer left Tuesday afternoon for Sherman, Texas, where she will spend a few days visiting her parents.

Misses La Verne and Wanda Brown have gone to Hot Springs, Ark., for an extended visit with their father, Marvin Brown, and aunt, Miss Mayme Rogers, who are spending the summer there.

Mrs. Mable Duke and children, who have been visiting relatives at Sulphur for the past week, have returned to home.

Miss Fay Edsall, who has been visiting friends at Sulphur for several days, returned to her home here Tuesday.

Miss Vera Monasco of Stonewall is in the city visiting her friend, Miss Johnnie Hall Fowler.

Mr. and Mrs. Ed Farmer left Tuesday for St. Louis where they will spend the summer visiting Mrs. Farmer's parents.

P. Y. P. U. Holds Picnic.

Tuesday afternoon at 6:30 members of the Junior B. Y. P. U. met in front of the First Baptist church and from there went to Glenwood park where a delightful time was enjoyed. Swimming, furnished amusement and afterwards a delicious wienie roast was held.

Following were members of the party: Lucile Smith, Lucile Webster, Mazelle McAllister, Edith McAllister, Emma Gregg, Avis Harris, Opal Wilmoth, Bernice Johnson, Geneva Emory, Alpha Emory, Frankie Cowling, Clara Branscome, Bernice Payne, Martin Landers, Mack Braley, Harrell Webster, Junius Ridling, Hubert Laird, Wendell Thomas, Ross Aires, Marion O'Neal, Troy Melton, Vernon Aires, Leonard Braley, Alf Hardage, L. J. Gregg, Marvin Wilmoth, Billy Lonis and Kelly Cowling. Chapones were Mr. and Mrs. A. H. Davis, Mrs. J. T. Emory, Mrs. D. C. Payne and Miss Ora Shaw.

SERVICE MEN PAY LAST TRIBUTE TO PONTOTOC'S HERO

Funeral services of Floyd Bert were held at the Roff cemetery this afternoon under the auspices of the Roff American Legion, assisted by visiting legionnaires. This was the first funeral to be held for a Pontotoc boy killed in France.

Military music was furnished by the Ada High school band which accompanied Ada merchants on the trade tour today and arrived in Roff in time for the funeral. Several Ada ex-service men were present. According to reports received from that place, Roff turned out en masse for the occasion and most of the surrounding country stopped work for a short time to pay last tribute to the soldier.

This funeral is the first of its kind ever held in the county. During the war thirty Pontotoc county men were killed, several of whom will be sent to Ada for burial. The body of Norman Howard, for whom the local post of the American Legion is named, will be one of the first to be buried here.

TRADE BOOSTERS LEAVE FOR TRIP

Ada Business Delegation
Shoves Off to Boost
City.

Almost 15 cars of Ada boosters, representing most of the business firms of the city, left here this morning accompanied by the High school band to advertise Ada in the first big trade trip of a series to be conducted this week.

The first day's trip will take in Center, Maxwell, Vanoss, Stratford, Sulphur, Fitchburg, Hickory, Roff and probably some small towns between. Other trips Thursday and Friday will lead up to the first trades day to be held in the city Monday, July 11.

The procession left Main and Broadway at shortly after 7:30 this morning with an enthusiastic crowd of business boosters eager to take the road. The delegation is under the direction of M. C. Wilson, chairman of the arrangement committee whose slogan for the trips will be "Now is the time when we must act if we expect our city to keep on growing as it has been in the past." The booster delegation is scheduled to return to Ada late tonight.

Thursday morning the trip is scheduled to start at the same hour from the business district of the city and will take in Franks, Pontotoc, Connerville, Bromide, Centrahoma, Tupelo, Jesse, Stonewall, and Ahlosio. Friday, boosters will go to Francis, Allen, Steedman and Lula.

KABER'S FATHER MAY TAKE STAND IN MURDER CASE

(By the Associated Press)

CLEVELAND, Ohio, July 6.—A jury to try Mrs. Eva Katherine Kaber on the charge of murdering her husband, Daniel F. Kaber, was obtained a few minutes after noon today. There are no women on the panel.

CLEVELAND, July 6.—The impending of the jury that is to try Mrs. Eva Katherine Kaber on a charge of murdering her husband, Daniel F. Kaber, was expected to be completed today and the taking of testimony will probably be started.

It is expected that Moses Kaber, father of the murdered man, will be the first witness for the prosecution. County Prosecutor Edwin C. Stanton and his chief assistant, James E. Cassidy, declared that the state will use him to establish the fact that Daniel F. Kaber was actually murdered, after learning that the assistant county attorney, who had been called for that purpose, is out of the city.

The jury was immediately sworn in and will be taken to Lakewood this afternoon to view the home in which Mr. Kaber was stabbed to death, after which the counsel will make a statement of the case to the jury.

African Premier in Parley With Lloyd George on Meeting

(By the Associated Press)

LONDON, July 6.—General Jan Christian Smuts, the South African premier, upon his return from Ireland this morning after conferences with Eamon De Valera and other Irish republican leaders in Dublin yesterday, conferred this morning with Premier Lloyd George. Sir James Craig, the Ulster premier, and Earl Middleton, the south unionist leader.

General Smuts reported the results of his talks with the Sinn Fein leaders on the Irish situation.

(By the Associated Press)

LONDON, July 6.—The conference was surrounded with the greatest secrecy but it is understood in well informed quarters that it primarily concerned itself with conditions for the possible suspension of hostilities in Ireland.

Official circles explain that a cessation of active operations is almost indispensable as an aid to peace deliberations.

The feeling generally was that today's conference would have marked influence on the conversations to be resumed in Dublin Friday between De Valera and the south Irish unionists.

Sir Horace Tunket later joined the conference. This gave rise to still further hopes of favorable results from the conference in view of Sir Horace's position in Irish affairs.

Charged With Stealing

Fleet Clark, a negro, was arrested yesterday by Sheriff Bob Duncan and brought here to be placed in the county jail on a charge of stealing a coat belonging to Robert Lucky, of near Maxwell.

OKLAHOMA WEATHER

Tonight and Thursday generally fair.

MAJOR WILL FORM GUARD UNIT HERE

Whitley Opens Recruiting
For Battery "F" in
City.

Major Earl Whitley, ordnance officer attached to General Barrett's staff, was here from Oklahoma City yesterday in the interest of the organization of Battery "F" of the Oklahoma National Guard. Lieut. Robert Kerr of this city has charge of organizing the battery and those who are interested are asked to call at his office in the Shaw building.

For many months, efforts have been made to organize the battery here but for various reasons it has been delayed. Steps are being taken to get the organization completed within the next ten days after which the first summer camping trip to Ft. Sill will be taken.

The equipment, guns, horses and other material that goes with a battery of artillery has been named and explained before. This would be a great help to the city, interested persons believe, not only giving several men employment part of the time, but would also draw more interest from state National guard headquarters.

No public meeting has been held and the plans being made will give each man interested an opportunity to see the lieutenant personally, sign up, be examined, and enlist as a member. It is believed that the organization will be completed without delay and if so the equipment will be sent immediately to Ada.

Crowds Hear Freeman in Revival Meeting at Church of Christ

Large audiences continue in evidence at the Church of Christ revival meeting which has been in progress several days and last night the church auditorium was filled to hear Rev. A. E. Freeman, evangelist from Guthrie.

Two were baptised at the service last night and two more were to be baptised at the church at 3 o'clock this afternoon. "The Great Commission" will be the subject of Rev. Freeman's sermon tonight, according to announcement this morning. Song services are being led by Bro. Hall and begin promptly at 8:15 every night.

Services are held at the church every morning at 10 o'clock and every evening at 8:15.

GONZALES HEADS NEW REVOLT IN MEXICO, REPORT

According to a report from Mexico City, Pablo Gonzales, one of the candidates for president of Mexico at last year's election, is heading a new revolt, planned to overthrow the present government of Alvaro Obregon. The revolt is spoken of as "the reconstruction movement."

TURN 'EM LOOSE FOR A LITTLE MUCH NEEDED EXERCISE!

PAVING STARTED ON ADA STREETS

Workmen Turn Earth on
Stockton-Alley May
Be Improved.

First dirt has been turned on the paving of the block on South Stockton connecting Main and Twelfth streets and the work will be pushed to completion as fast as circumstances will permit, according to Earl Yates, contractor in charge. Machinery is being overhauled and will be ready for the work as soon as other preliminary steps have been taken.

Most of the sand is on the ground, cement, crushed rock and other material are being made ready for use and it is expected that within a few days the street will present an altogether new appearance. Curb, storm sewers and other work must be done before the laying of the main pavement commences.

A contract is pending on the paving of the alley in the block between Townsend and Stockton avenues, separating Main and 12th streets. Bids were advertised some time ago but property owners on the block decided to try for a lower bid. According to information received, a low bid has been submitted and in all probability the contract will be let Thursday those connected with the matter stated today.

This is the first paving work to be done here in more than two years and several booster property owners are optimistic over the prospect of getting more paving done in the city. A large number of property owners are getting anxious to have paving done, and every effort possible is being put forth to secure it on several of the main residence streets.

WET FORCES ORGANIZE TO BEAT PROHIBITION

(By the Associated Press)

NEW YORK, July 6.—The organization of the independent state anti-prohibitionists on Fifth Avenue announced today that its members would be furnished with the names of commercial houses that favor prohibition and would ask them not to deal with such houses. The organization intends to go in to politics also. It was announced that it would support "wet" candidates for national, state and local offices.

"ROOKIES RETURN" IS AT McSWAIN TODAY

The feeling of unrest, the antipathy toward returning to an office desk which was possessed by so many returning doughboys, is humorously emphasized in Douglas MacLean's latest Ince-Paramount comedy, "The Rookie's Return," which comes to the McSwain theatre today.

FADED PAPER MAY GIVE MAN WEALTH

Old Stock Record Said to
Be Worth Half Million
to Owner.

(By the Associated Press)

NEW YORK, July 6.—A scrap of paper that for five generations has been between the covers of a faded copy of Spencer's Fairie Queene may mean wealth and luxury to Albert Watkins Seymour, keeper of a small restaurant in Seattle, Washington.

The paper is a certificate of 67 shares of stock in the Mechanics bank, left by Thomas Williams who died in New York in 1822. Its actual value, together with the accrued interest, was declared to amount to a half million dollars. The certificate had dropped out of sight but was discovered by a genealogist, who was going through the library in the house of a family in Troy, New York, where Seymour had a sister and an aunt. Seymour has asserted that Williams was his grandfather and he is now the sole owner of his property. His claim has been substantiated in several points but a legal investigation is in progress.

The bank, now known by virtue of various mergers as the Mechanics and Metals National Bank, maintains that it has no record of the issue of stock and pleads the statute of limitations. Supreme court justice Wagner recently ruled against this plea, but the attorneys for the bank declare they would carry the case to a higher court.

Revenue Officers Launch Campaign for Taxes Cleanup

(By the Associated Press)

WASHINGTON, July 6.—With every city of importance in the United States included in the campaign a force of 250 specially trained revenue officers today began a nationwide cleanup of delinquent sales taxes. The special forces are divided into flying squadrons to supplement the activities of the two thousand regular deputy collectors.

The cities to be covered in this plan, it was announced, include New Orleans, Dallas, Houston and Fort Worth. Special attention will be given to verification of the returns of the manufacturers excise, the tax on soft drinks, and the transportation of jewelry, admission, and insurance levies.

"PUSSYFOOT" JOHNSTON ARRIVES IN DENMARK

(By the Associated Press)

COPENHAGEN, Denmark, July 6.—William E. "Pussyfoot" Johnston, the American prohibition campaigner, arrived here today. Mr. Johnston comes to give assistance and advice for national prohibition in Denmark.

WARM DAYS BRING END FOR HARVEST

But North is Sweltering in
Path of Intense Heat
Wave.

(By the Associated Press)

OKLAHOMA CITY, July 6.—The week ending yesterday was characterized by "fine growing weather, fair, and favorable in most sections for harvesting, thrashing and cultivating crops" in the weekly report of the crop and weather conditions issued here today by the United States Weather Bureau.

The harvest of wheat and oats is about finished except in some localities in the portion where it is being delayed by rains and boggy fields, the report said. Both are greatly damaged in many localities by lodging in the field and sprouting in the shocks.

"It was a fine week for corn and crops generally made excellent progress" the report continued. "Crops generally are in excellent condition. Early corn is in the silk or tassel stage. Too wet soil has hindered some cultivation of corn but the bulk of the crop is well cultivated."

"The weather has been favorable in most localities for cotton. Good progress has been made in cleaning out grass and weeds. It is two to four weeks late but is in fair to good conditions except that the weevils are active in most of the southern counties, and are causing very serious damage in some localities."

Heat Wave to Continue.

WASHINGTON, July 6.—While cooler weather prevailed today in the mid-Atlantic states the weather bureau saw no hope for an early break in the heat wave that holds the central valley in its grip and predicted the return of the hot spell Thursday for the north and middle Atlantic states.

Federal weather forecasts for the period July 5 to July 9 indicate occasional thunderstorms in the West Gulf States with temperature above normal at the beginning of the week and about normal thereafter. Showers are predicted in the Upper and Lower Mississippi valley at the beginning of the week when higher temperature and scattered showers are probable.

Chicago Sweltering

CHICAGO, July 6.—Chicago continued to swelter today in the long drawn out heat wave with no relief in sight, according to the weather bureau. Five persons succumbed yesterday.

Death Rate of Babies

CHICAGO, July 6.—Chicago babies died last week at the rate of 14 a day, a 15 per cent greater infant mortality than that of a year ago. The increase is attributed by the health department to the heat.

FIVE APPOINTED ON STREET PLAN

Committee Will Make Final
Report Soon on Move
to Gravel Streets.

Another meeting was held by interested property owners in the court house last night when the gravelling plan submitted by W. S. Smith was discussed. A good number of men expressed their opinions on the matter after prices, kinds of machinery and general estimate had been submitted.

According to several men who talked during the meeting, the proposed plan does not meet the approval of all. Suggestions of various types were made. Little more was done at this meeting than was at the one last week.

After several talks, a motion carried to appoint a committee of five to confer with the Chamber of Commerce and Lions Club on the plan.

Although opinion at the meeting favored street improvement, it has been difficult to get leaders to take an active part in promoting any projects, it is said. The committee was advised to act as soon as possible and make a final statement as to whether the plan will be accepted, amended, or entirely disproved.

Those composing the committee are Judge J. F. McKee, L. A. Bradley, Ben Westbrook, W. T. Edmondson and J. G. Witherspoon. Whether the plan will be adopted is largely up to these men and those whom they will ask to co-operate with them, according to Mr. Smith.

Man Is Tarred and Feathered by Band Then Forced to Go

(By the Associated Press)

FORT WORTH, Tex., July 6.—Ben Pinto, about 28 years old, was ordered to leave the county in forty-eight hours by the leaders of masked men late last night after he had been coated with tar and feathers, lectured on morals and dropped from an automobile in a downtown street, a local newspaper was told by police today. Pinto called at the police station about ten this morning for the automobile from which he was said to have been taken by masked men late last night and drove away immediately without making a statement.

Reports from the Pinto home today were that "he is not at home; we don't know when he'll be here."

The police denied earlier reports that a woman was seized by the band.

Woman is Nominated

(By the Associated Press)

DES MOINES, July 6.—Mrs. Carl Williams of Memphis, Tenn., was nominated unanimously for the presidency of the national educational association for the coming year at today's meeting of the nominating committee.

Pays Fine of \$25

Charged with carrying a weapon, Bob Ford pleaded guilty before Justice of the Peace H. J. Brown yesterday and paid a fine of \$25 and costs.

MORGAN'S LATEST

This photograph of J. Pierpont Morgan, noted financier, son of the one and only J. Pierpont Morgan, was recently caught by the camera man when he attended the Harvard commencement exercises. Mr. Morgan received his B.A. degree from Harvard in 1889.

STATE WILL ASK A LIFE SENTENCE

Prosecuting Attorneys Ask
Long Terms for Alleged
Slayers.

(By the Associated Press)

TULSA, July 6.—"The immediate cause of the death of Judge John Devereux in my judgment, was the shock produced by a deep cut over the right eye, combined with the weakened condition resulting from an overdose of a hypnotic drug," Dr. R. V. Smith testified at the trial of Goldie Gordon and Mrs. Jesse James, on trial for the alleged murder of the jurist.

Dr. Smith said that he had previously visited the judge in his capacity of surgeon three times at the judge's appointment the day following his discovery in a semiconscious condition at a local hotel and made a careful diagnosis of the case.

He also testified that he accompanied police captain G. Blaine to the hotel the second day after Judge Devereux died and they inspected the room where he was found carefully. "Captain Blaine sought some spots on or about the radiator that he thought were blood stains," said Dr. Smith, "but my examination convinced me that they were rust spots."

Dr. Smith was the first witness of today. The state began the presentation of its case against the two women who say they were employed as nurses for the jurist, after the opening statement this morning by W. L. Coffey, assistant county attorney, and H. B. Martin, counsel for the defense.

"Enough for Horse."

Coffey charged that the women had administered enough poison drugs to the jurist to "kill a horse" and then left him while they attended a home talent show.

He gave the first attention to the delivery of a blow which is also alleged to have been partly responsible for the jurist's death. He said the women had drawn heavily on the judge's bank account and referred to the missing note of \$10,000 which the jurist held on former congressman Bird S. McGuire, which it is said was negotiable.

Mr. Martin denied the ability of the state to prove any motive for the tragedy and advanced the judge's generosity in his declining years for those who cared for him as the reason for giving so much money to the nurses.

(By the Associated Press)

TULSA, July 6.—With the completion late yesterday afternoon of a jury to try Goldie Gordon and Mrs. Jesse James for the alleged murder of Judge John Devereux, former member of the state supreme court commission, who was found in an unconscious condition in a local hotel on June 9, the county attorney's office is expected to produce the first witness this morning. The opening statement to the jury is to be made by assistant county attorney W. L. Coffey, according to present plans.

It was indicated yesterday that the state would ask for a life prison term for the two women claiming to have been employed as nurses for Judge Devereux.

The jury, which was obtained after close questioning by opposing attorneys, is composed mostly of business men from small towns in the county. They are all men with families.

Attorney H. B. Martin for the defense indicated that he would attack the chain of circumstantial evidence on which the state is forced largely to rely. He also played the newspaper for what he characterized as their "calumnious" attack on the two accused nurses.

PROHIBIT TAKING INTOXICANTS NOW ACROSS THE U. S.

(By the Associated Press)

WASHINGTON, July 6.—Despite a protest, Attorney General Daugherty upheld the ruling of his predecessor that alcoholic liquor could not be transported across the territory of the United States in transit from one foreign country to another. The opinion was given to the customs division of the treasury today and a conference of customs officials was held to determine the method of enforcing it.

DEMPSEY CHARGES MEN MEDDLED IN 'BIG FIGHT'

From Saturday's Daily

CHICAGO, July 6.—Two men were caught in Jack Dempsey's corner in the Jersey City arena where he fought Georges Carpentier last Saturday, waiting to throw a towel into the ring from the champion's corner and create a scene of disorder. Dempsey charged here today when he stopped on his way to Salt Lake City.

PONCA CITY.—The Indian agency at White Eagle, near here, was officially reopened today. The agency will have charge of management of the affairs of the Ponca and Otoe tribes. It has been closed for more than a year.

Shoves Off to Boost
City.

Almost 15 cars of Ada boosters, representing most of the business firms of the city, left here this morning accompanied by the High School band to advertise Ada in the first big trade trip of a series to be conducted this week.

The first day's trip will take in Center, Maxwell, Vanoss, Stratford, Sulphur, Pitzburg, Hickory, Roff and probably some small towns between. Other trips Thursday and Friday will lead up to the first trades day to be held in the city Monday, July 11.

The procession left Main and Broadway at shortly after 7:30 this morning with an enthusiastic crowd of business boosters eager to take the road. The delegation is under the direction of M. C. Wilson, chairman of the arrangement committee whose slogan for the trips will be "Now is the time when we must act if we expect our city to keep on growing as it has been in the past." The booster delegation is scheduled to return to Ada late tonight.

Thursday morning the trip is scheduled to start at the same hour from the business district of the city and will take in Franks, Pon-totoc, Connerville, Bromide, Centrahoma, Tupelo, Jesse, Stonewall, and Ahloose. Friday, boosters will go to Francis, Allen, Sneedman and Lula.

KABER'S FATHER MAY TAKE STAND IN MURDER CASE

(By the Associated Press)
CLEVELAND, Ohio, July 6.—A jury to try Mrs. Eva Katherine Kaber on the charge of murdering her husband, Daniel F. Kaber, was obtained a few minutes after noon today. There are no women on the panel.

CLEVELAND, July 6.—The impaneling of the jury that is to try Mrs. Eva Katherine Kaber on a charge of murdering her husband, Daniel F. Kaber, was expected to be completed today and the taking of testimony will probably be started.

It is expected that Moses Kaber father of the murdered man, will be the first witness for the prosecution. County Prosecutor Edwin C. Stanton and his chief assistant, James E. Cassidy, declared that the state will use him to establish the fact that Daniel F. Kaber was actually murdered, after learning that the assistant county attorney, who had been called for that purpose, is out of the city.

The jury was immediately sworn in and will be taken to Lakewood this afternoon to view the home in which Mr. Kaber was stabbed to death, after which the counsel will make a statement of the case to the jury.

African Premier in Parley With Lloyd George on Meeting

(By the Associated Press)
LONDON, July 6.—General Jan Christian Smuts, the South African premier, upon his return from Ireland this morning after conferences with Eamon De Valera and other Irish republican leaders in Dublin yesterday, conferred this morning with Premier Lloyd George, Sir James Craig, the Ulster premier, and Earl Middleton, the south unionist leader.

General Smuts reported the results of his talks with the Sinn Fein leaders on the Irish situation.

(By the Associated Press)
LONDON, July 6.—The conference was surrounded with the greatest secrecy but it is understood in well informed quarters that it primarily concerned itself with conditions for the possible suspension of hostilities in Ireland.

Official circles explain that a cessation of active operations is almost indispensable as an aid to peace deliberations.

The feeling generally was that today's conference would have marked influence on the conversations to be resumed in Dublin Friday between De Valera and the south Irish unionists.

Sir Horace Tunket later joined the conference. This gave rise to still further hopes of favorable results from the conference in view of Sir Horace's position in Irish affairs.

Charged With Stealing
Fleet Clark, a negro, was arrested yesterday by Sheriff Bob Duncan and brought here to be placed in the county jail on a charge of stealing a coat belonging to Robert Lucky, of near Maxwell.

OKLAHOMA WEATHER
Tonight and Thursday generally fair.

MAJOR WILL FORM GUARD UNIT HERE

Whittley Opens Recruiting
For Battery "F" in
City.

Major Earl Whittley, ordnance officer attached to General Barrett's staff, was here from Oklahoma City yesterday in the interest of the organization of Battery "F" of the Oklahoma National Guard. Lieut. Robert Kerr of this city has charge of organizing the battery and those who are interested are asked to call at his office in the Shaw building.

For many months, efforts have been made to organize the battery here but for various reasons it has been delayed. Steps are being taken to get the organization completed within the next ten days after which the first summer camping trip to Ft. Sil will be taken.

The equipment, guns, horses and other material that goes with a battery of artillery has been named and explained before. This would be a great help to the city, interested persons believe, not only giving several men employment part of the time, but would also draw more interest from state National guard headquarters.

No public meeting has been held and the plans being made will give each man interested an opportunity to see the lieutenant personally, sign up, be examined, and enlist as a member. It is believed that the organization will be completed without delay and if so the equipment will be sent immediately to Ada.

Crowds Hear Freeman in Revival Meeting at Church of Christ

Large audiences continue in evidence at the Church of Christ revival meeting which has been in progress several days and last night the church auditorium was filled to hear Rev. A. E. Freeman, evangelist from Guthrie.

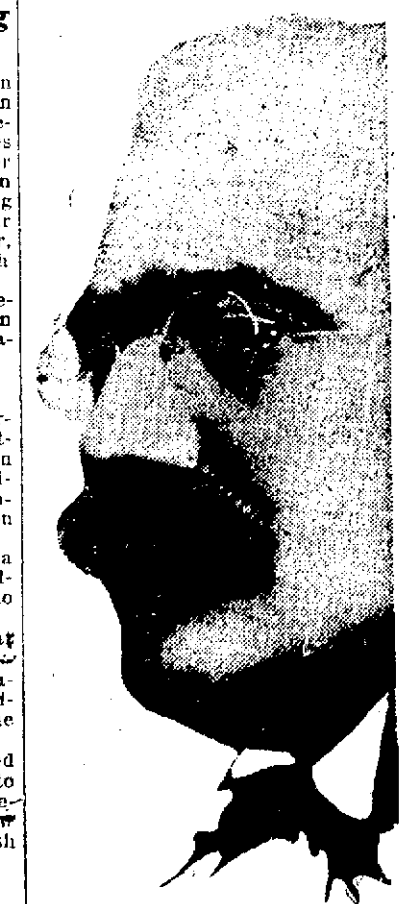

Two were baptised at the service last night and two more were to be baptised at the church at 3 o'clock this afternoon. "The Great Commission" will be the subject of Rev. Freeman's sermon tonight, according to announcement this morning. Song services are being led by Bro. Hall and begin promptly at 8:15 every night.

Services are held at the church every morning at 10 o'clock and every evening at 8:15.

MISTRIAL IS DECLARED IN OKMULGEE COURT

(By the Associated Press)
OKMULGEE, July 6.—A mistrial was declared in the superior court of Okmulgee this morning in the case of Henry Voyd, negro, for an alleged criminal assault on a white girl of Okmulgee county on the 9th of October last year. The jury stood eight to four for conviction, it was stated following their discharge.

GONZALES HEADS NEW REVOLT IN MEXICO, REPORT

According to a report from Mexico City, Pablo Gonzales, one of the candidates for president of Mexico at last year's election, is heading a new revolt, planned to overthrow the present government of Alvaro Obregon. The revolt is spoken of as "the reconstruction movement."

TURN 'EM LOOSE FOR A LITTLE MUCH NEEDED EXERCISE!

PAVING STARTED ON ADA STREETS

Workmen Turn Earth on
Stockton-Alley May
Be Improved.

First dirt has been turned on the paving of the block on South Stockton, connecting Main and Twelfth streets and the work will be pushed to completion as fast as circumstances will permit, according to Earl Yates, contractor in charge. Machinery is being overhauled and will be ready for the work as soon as other preliminary steps have been taken.

Most of the sand is on the ground, cement, crushed rock and other material are being made ready for use and it is expected that within a few days the street will present an altogether new appearance. Curbs, storm sewers and other work must be done before the laying of the main pavement commences.

A contract is pending on the paving of the alley in the block between Townsend and Stockton avenues, separating Main and 12th streets. Bids were advertised some time ago but property owners on the block decided to try for a lower bid. According to information received, a low bid has been submitted and in all probability the contract will be let Thursday (those connected with the matter stated today).

This is the first paving work to be done here in more than two years and several booster property owners are optimistic over the prospect of getting more paving done in the city. A large number of property owners are getting anxious to have paving done, and every effort possible is being put forth to secure it on several of the main residence streets.

WET FORCES ORGANIZE TO BEAT PROHIBITION

(By the Associated Press)
NEW YORK, July 6.—The organization of the independent state anti-prohibitionists on Fifth Avenue announced today that its members would be furnished with the names of commercial houses that favor prohibition and would ask them not to deal with such houses. The organization intends to go in to politics also. It was announced that it would support "wet" candidates for national, state and local offices.

"ROOKIES RETURN" IS AT McSWAIN TODAY

The feeling of unrest, the antipathy toward returning to an office desk which was possessed by so many returning doughboys, is humorously emphasized in Douglas MacLean's latest Ince-Paramount comedy, "The Rookie's Return," which comes to the McSwain theatre today.

FADED PAPER MAY GIVE MAN WEALTH

Old Stock Record Said to
Be Worth Half Million
to Owner.

(By the Associated Press)
NEW YORK, July 6.—A scrap of paper that for five generations reposed between the covers of a faded copy of Spencer's Fairie Queene may mean wealth and luxury to Albert Watkins Seymour, keeper of a small restaurant in Seattle, Washington.

The paper is a certificate of 67 shares of stock in the Mechanics bank, left by Thomas Williams who died in New York in 1822. Its actual value, together with the accrued interest, was declared to amount to a half million dollars. The certificate had dropped out of sight but was discovered by a genealogist, who was going through the library in the house of a family in Troy, New York, where Seymour had a sister and an aunt. Seymour has asserted that Williams was his grandfather and he is now the sole owner of his property. His claim has been substantiated in several points but a legal investigation is in progress.

The bank, now known by virtue of various mergers as the Mechanics and Metals National Bank, maintains that it has no record of the issue of stock and pleads the statute of limitations. Supreme court justice Wagner recently ruled against this plea, but the attorneys for the bank declare they would carry the case to a higher court.

Revenue Officers Launch Campaign for Taxes Cleanup

(By the Associated Press)
WASHINGTON, July 6.—With every city of importance in the United States included in the campaign a force of 250 specially trained revenue officers today began a nationwide cleanup of delinquent sales taxes. The special forces are divided into flying squadrons to supplement the activities of the two thousand regular deputy collectors. The cities to be covered in this plan, it was announced, include New Orleans, Dallas, Houston and Fort Worth. Special attention will be given to verification of the returns of the manufacturers excise, the tax on soft drinks, and the transportation of jewelry, admission, and insurance levies.

"PUSSYFOOT" JOHNSTON ARRIVES IN DENMARK

(By the Associated Press)
COPENHAGEN, Denmark, July 6.—William E. "Pussyfoot" Johnston, the American prohibition campaigner, arrived here today. Mr. Johnston comes to give assistance and advice for national prohibition in Denmark.

WARM DAYS BRING END FOR HARVEST

But North is Sweltering in
Path of Intense Heat
Wave.

(By the Associated Press)
OKLAHOMA CITY, July 6.—The week ending yesterday was characterized by "fine growing weather, fair, and favorable in most sections for harvesting, thrashing and cultivating crops" in the weekly report of the crop and weather conditions issued here today by the United States Weather Bureau.

"The harvest of wheat and oats is about finished except in some localities in the portion where it is being delayed by rains and boggy fields," the report said. "Both are greatly damaged in many localities by lodging in the field and sprouting in the shocks."

"It was a fine week for corn and crops generally made excellent progress," the report continued. "Crops generally are in excellent condition. Early corn is in the silk or tassel stage. Too wet soil has hindered some cultivation of corn but the bulk of the crop is well cultivated."

"The weather has been favorable in most localities for cotton. Good progress has been made in cleaning out grass and weeds. It is two to four weeks late but is in fairly good conditions except that the weevils are active in most of the southern counties, and are causing very serious damage in some localities."

Heat Wave to Continue.
WASHINGTON, July 6.—While cooler weather prevailed today in the mid-Atlantic states the weather bureau saw no hope for an early break in the heat wave that holds the central valley in its grip and predicted the return of the hot spell Thursday for the north and middle Atlantic states.

Federal weather forecasts for the period July 5 to July 9 indicate occasional thunderstorms in the West Gulf States with temperature above normal at the beginning of the week and about normal thereafter. Showers are predicted in the Upper, and Lower Mississippi valley at the beginning of the week when higher temperature and scattered showers are probable.

Chicago Sweltering Continued to Swelter Today in the Long Drawn out Heat Wave with no Relief in Sight, according to the weather bureau. Five persons succumbed yesterday.

**DEATH RATE OF BABES
IS HIGH IN CHICAGO**
(By the Associated Press)
CHICAGO, July 6.—Chicago babies died last week at the rate of 14 a day, a 15 per cent greater infant mortality than that of a year ago. The increase is attributed by the health department to the heat.

FIVE APPOINTED ON STREET PLAN

Committee Will Make Final
Report Soon on Move
to Gravel Streets.

Another meeting was held by interested property owners in the court house last night when the graveling plan submitted by W. S. Smith was discussed. A good number of men expressed their opinions on the matter after prices, kinds of machinery and general estimate had been submitted.

According to several men who talked during the meeting, the proposed plan does not meet the approval of all. Suggestions of various types were made. Little more was done at this meeting than was at the one last week.

After several talks, a motion carried to appoint a committee of five to confer with the Chamber of Commerce and Lions Club on the plan.

Although opinion at the meeting favored street improvement, it has been difficult to get leaders to take an active part in promoting any projects, it is said. The committee was advised to act as soon as possible and make a final statement as to whether the plan will be accepted, amended, or entirely disapproved.

Those composing the committee are Judge J. B. McKee, L. A. Bralley, Ben Westbrook, W. T. Edmondson and J. G. Witherspoon. Whether the plan will be adopted is largely up to these men and those whom they will ask to co-operate with them, according to Mr. Smith.

Man Is Tarred and Feathered by Band Then Forced to Go

(By the Associated Press)
FORT WORTH, Tex., July 6.—Ben Pinto, about 28 years old, was ordered to leave the county in forty-eight hours by the leaders of masked men late last night after he had been coated with tar and feathers, lectured on morals and dropped from an automobile in a downtown street, a local newspaper was told by police today. Pinto called at the police station about ten this morning for the automobile from which he was said to have been taken by masked men last night and drove away immediately without making a statement.

Reports from the Pinto home today were that "he is not at home; we don't know when he'll be here." The police denied earlier reports that a woman was seized by the band.

Woman is Nominated
(By the Associated Press)
DES MOINES, July 6.—Mrs. Carl Williams of Memphis, Tenn., was nominated unanimously for the presidency of the national educational association for the coming year at today's meeting of the nominating committee.

Fine of \$25
Charged with carrying a weapon, Bob Ford pleaded guilty before Justice of the Peace H. J. Brown yesterday and paid a fine of \$25 and costs.

MORGAN'S LATEST

This photograph of J. Pierpont Morgan, noted financier, son of the one and only J. Pierpont Morgan, was recently caught by the camera man when he attended the Harvard commencement exercises. Mr. Morgan received his B.A. degree from Harvard in 1889.

STATE WILL ASK A LIFE SENTENCE

Prosecuting Attorneys Ask
Long Terms for Alleged
Slayers.

(By the Associated Press)
TULSA, July 6.—"The immediate cause of the death of Judge John Devereux in my judgment, was the shock produced by a deep cut over the right eye, combined with the weakened condition resulting from an overdose of a hypnotic drug," Dr. R. V. Smith testified at the trial of Goldie Gordon and Mrs. Jesse James, on trial for the alleged murder of the jurist.

Dr. Smith said that he had previously visited the judge in his capacity of surgeon three times at the judge's appointment the day following his discovery in a semi-conscious condition at a local hotel and made a careful diagnosis of the case.

He also testified that he accompanied police captain C. Blaine to the hotel the second day after Judge Devereux died and they inspected the room where he was found carefully. "Captain Blaine sought some spots on or about the radiator that he thought were blood stains," said Dr. Smith, "but my examination convinced me that they were rust spots."

Dr. Smith was the first witness of today. The state began the presentation of its case against the two women who say they were employed as nurses for the jurist, after the opening statement this morning by W. L. Coffey, assistant county attorney, and H. B. Martin, counsel for the defense.

"Enough for Horse."
Coffey charged that the women had administered enough poison drugs to the jurist to "kill a horse" and then left him while they attended a home talent show.

He gave the first attention to the delivery of a blow which is also alleged to have been partly responsible for the jurist's death. He said the women had drawn heavily on the judge's bank account and referred to the missing note of \$10,000 which the jurist held on former congressman Bird S. McGuire, which it is said was negotiable.

Mr. Martin denied the ability of the state to prove any motive for the tragedy and advanced the judge's generosity in his declining years for those who cared for him as the reason for giving so much money to the nurses.

(By the Associated Press)
TULSA, July 6.—With the completion late yesterday afternoon of a jury to try Goldie Gordon and Mrs. Jesse James for the alleged murder of Judge John Devereux, former member of the state supreme court commission, who was found in an unconscious condition in a local hotel on June 9, the county attorney's office is expected to produce the first witness this morning. The opening statement to the jury is to be made by assistant county attorney W. L. Coffey, according to present plans.

It was indicated yesterday that the state would ask for a life prison term for the two women claiming to have been employed as nurses for Judge Devereux.

The jury, which was obtained after close questioning by opposing attorneys, is composed mostly of business men from small towns in the county. They are all men with families.

PROHIBIT TAKING INTOXICANTS NOW ACROSS THE U. S.

(By the Associated Press)
WASHINGTON, July 6.—Despite a protest, Attorney General Daugherty upheld the ruling of his predecessor that alcoholic liquor could not be transported across the territory of the United States in transit from one foreign country to another. The opinion was given to the customs division of the treasury today and a conference of customs officials was held to determine the method of enforcing it.

DEMPSEY CHARGES MEN MEDDLED IN 'BIG FIGHT'

From Saturday's Daily
CHICAGO, July 6.—Two men were caught in Jack Dempsey's corner in the Jersey City arena where he fought Georges Carpentier last Saturday, waiting to throw a towel into the ring from the champion's corner and create a scene of disorder. Dempsey charged here today when he stopped on his way to Salt Lake City.

PONCA CITY—The Indian agency at White Eagle, near here, was officially reopened today. The agency will have charge of management of the affairs of the Ponca and Otoe tribes. It has been closed for more than a year.

Good luck to the trade boosters. Let's make every day something that will bring much business to Ada.

One of the beauty spots of Ada is the small park on Twelfth street kept by the fire boys. Somer Jones and his lads indicate that they know floral gardening, or at least they know how to make flowers appear to the best advantage.

WHERE THE WEST BEGINS

According to a Washington correspondent western bankers do not agree with eastern bankers that the best and quickest way to rehabilitate Europe is by extending loans. Western bankers are not in favor of American money going abroad in the form of loans. They are for home first. Eastern bankers are international, so to speak. They have invested above \$6,000,000,000 in Europe. Western bankers say that by increased productivity Europe must regain its pre-war economic status. The English of this is that the people of European nations must go to work; they must toil and save; they must work long hours; they must be frugal and in the years to come the wealth destroyed by war will be replaced. And the workers of the world will be the rulers of the world.—Fort Worth Record.

MODERN FARM NEED MARKETS

In recent years the effort to check the drift of population away from the farms has taken the form of making farm life more efficient and more attractive. Modern machinery, good roads, better schools, community welfare work, running water in the house, automobiles, telephones, newspapers and other modern conveniences have been tried and still the farm boy turns to the city to seek a career.

A writer in the current World's Work remarks that it is possible the boy leaves the farm not despite these improvements but because of them. It is still an economic problem. In the old days, with fewer mechanical helps, it required more human power to run the farms and to produce the food and clothing essential to the nation. Today it is said that every time one boy goes back to the land two others have got to go to town to make a market for the farm boy's products, because with all the new machinery the same number of workers can produce two or three times as much as formerly. From this standpoint, then, the farmer may regard every man who goes to the city as changing from a competitor to a customer.

This might seem plausible argument for taking away the farmer's conveniences and leaving him to the drudgery of former days, or for applauding the top-heaviness of the cities. To the far-sighted citizen it is a better argument for broadening out agricultural markets to include the whole world. The nation wishes first of all to be sure that it is producing all the food needed for its own population, but it will be an expensive proposition to the public. To improve methods of production, handling, marketing and shipping so that the American farmer can raise food below the price at which other nations could deliver it on our shores, and also so that he can ship it on a favorable competitive basis to other lands, is the better solution to present agricultural problems and a truer check to the cityward shift of population.—Tulsa Tribune.

"THEY SHALL NOT DIE IN VAIN"

Pontotoc County paid her sorrowful tribute to and laid to rest today her first returned hero who paid "the last full measure of devotion" to his country.

While people of Ada and the rest of the county are celebrating news of a definite and formal peace with Germany, we have shown us the price of its making. For the terrible conflict that Europe brought upon herself, America helped pay—but in the death of her thousand of loyal sons she has doubtless succeeded in obtaining that "lasting peace" for which the world has been crying since its infancy.

Surely those American dead have not died in vain. Already the world is taking up as never before the call for nations to disarm. Since the stone ages man has been trying to learn—and only now is he becoming convinced that wars and preparations for wars do not pay. Always, the seeds of heavy armament for which nations pay in vast sums of money and toil, are reaped at the terrible expense of life and limb. Nations, like men, are slow to profit by their own experiences and those of others.

But now the war is over—in truth as well as on paper. We who paid in much smaller measure for this anticipated "lasting peace" cannot turn away coldly now and forget those who laid down their lives on the nation's altar. Their memories shall not die. With memorial arches we can show the world that their valor was appreciated—but only in the monuments of our hearts can we preserve those heroes in loving memory as living challenges for us to be true patriots.

Pontotoc dead have doubly blessed us in their dying. They saved those principles which form the foundation of American freedom and democracy and at the same time threw into our hands the torch of an inimitable devotion to their country and the lofty principles of light.

The Evening News

Comments given below do not necessarily reflect the opinion of the News. In fact, oftentimes the opinion expressed is directly opposite to that held by the News. The opinions are given, however, because this is a newspaper.

The Ignorant Slacker
McAlester News-Capital: General Pershing in a recent speech gave new light on the slacker question. He mentioned a fact which is usually ignored—that most of the slackers, or at least a very large proportion of them, were illiterates.

"Is it any wonder," he asked, "that we had slackers—men who could neither read nor write, and had never read the Constitution of the United States and could not comprehend their vast obligation to the country in time of need?"

It was a matter of common observation during the war, in this country and in every other English-speaking country, that the people who responded most quickly and fully to the war's demands were the best educated. It was the ignorant who failed to grasp the meaning of the war and their duty in connection with it. This, as General Pershing suggests, is necessarily true. How can the illiterate man be truly loyal, when he has such slight means of understanding the history, character and institutions of his country?

The illiteracy of the young manhood of the United States, as General Pershing says, "is a disgrace to any nation, and more particularly to the greatest nation on earth." It is also a danger and a handicap. Children should be educated, if for no other reason, to make them loyal citizens.

Youth Taking a Fling
McAlester News-Capital: Eighty percent of the graduates of a certain woman's college this spring announced through a questionnaire that they had no intention of marrying.

Their hearts were set on a career. They could not imagine themselves cooking three meals a day for some mere man, or pinning diapers on a squawking baby. How disgusting the thought.

But the decision of these youngsters "just parting the curtain of childhood" need not set alarmists pondering on the degeneration of the race.

Nature hasn't yet asserted itself in the breasts of these ambitious dreamers. The mother call, the universal and inherent craving for love will find an awakening sooner or later.

Twenty years from now, when the radical young girls are comfortable mothers of happy children, they will look back on their high resolves and laugh—even as you and I over our adolescent resolutions.

PRESERVED EGGS

Mrs. Elva Roberts Duvall

Now that eggs are plentiful and low in price every housewife should preserve a supply for home consumption next fall and winter when they are expensive. Fresh eggs, when properly preserved, may be kept from eight to ten months in excellent condition.

One of the most satisfactory methods for preserving eggs is by the use of sodium silicate, or as it is commonly called, water glass. Use one quart of water glass to nine quarts of water that has been boiled and cooled. Place in a five gallon crock. This will be sufficient to preserve fifteen dozen eggs at an approximate cost of three cents per dozen.

If sufficient eggs are not obtainable when the solution is first made, additional eggs may be added from time to time. However, be careful to allow at least two inches of the solution to cover the eggs at all times. It is most important that strictly fresh eggs be used, preferably infertile, that is eggs laid by hens that have been separated from males. Any eggs that float when placed in the solution are not fresh and therefore should not be used. When the shell of the egg is only slightly soiled, a cloth dampened in vinegar may be used to remove such stains. When soiled eggs are put into the jar they are apt to spoil, and washing in water removes a protective coating which helps to prevent spoiling. If eggs are purchased and there is any doubt as to their freshness they should be candied.

The crock containing the eggs should be covered with waxed paper and kept in a cool dry place.

For circular on candling and preservation of eggs, write your county or home demonstration agent.

PICTURES SHOW HOW TIDE OF BATTLE WENT ROUND BY ROUND

Round one—Dempsey had rained blows on Carpentier's body. Carpentier slipped almost through the ropes. Many thought the knockout was near. Round two—Carpentier had Dempsey wobbly and hanging on for an instant, and seemed to have a chance. Round three—Dempsey's body blows told. The Frenchman suffered. His stomach was drawn in and his legs pulled up by the blows. Round four—The end. Dempsey shot a body blow to the Frenchman's midriff and then drove a right to the neck. Carpentier fell. Referee Ertle is counting him out. Dempsey is watching Carpentier.

STRESS IS PLACED ON ACTIVITY OF SCHOOLS

(By the Associated Press)

DES MOINES, Ia., July 5.—Less emphasis on mere books, more on the activities that high school students organize, was urged at the National Education Association convention here today by Burton P. Fowler, first assistant principal of the Central High school at Cleveland, O. He said that the war had developed an insistent demand for reorganization in the aims of secondary education.

"A written social record like that kept of scholarship should be made for every pupil throughout his school career," Mr. Fowler said. "I venture the assertion that such a record kept for four years would furnish more reliable information about the efficiency of Mary's school life, her chances of success in college, in business, or as a housewife, than would the 93.6 percent that places her on the honor roll of the commencement program."

"Training for work, play, health, character, and home membership must be provided for all in the wide-awake high school."

"The school group with its diverse activities of school citizenship serves as an excellent training field for this process of socialization."

"Teachers must be open minded

and sympathetic toward these collateral activities.

"Similarly, the social agencies themselves should form a part of the pupil's regular program, so that the pupil who has to work outside serves as an excellent training field from full participation in the debate, the orchestra, or his favorite club."

"Vastly greater opportunities than now exist for the expression of the social instincts of children should be provided. Every pupil should have at least one or two major social interests. In a school of two thousand pupils there is room for one hundred clubs where ten now exist."

"I tell you the News want ads certainly bring results," is a statement made every day to the advertising department. Are you getting your share of these results?

Professor Budlong Puts Tanlac to Test

Prof. C. J. Budlong, Manchester, N. H.

"It's an actual fact, I'm in good health for the first time in thirty years and I owe my present splendid condition to Tanlac and nothing else," was the emphatic statement of Prof. C. J. Budlong, well-known and highly respected citizen of Manchester, N. H., residing at 42 School street.

"Practically all my life I had had rheumatism, and when I say rheumatism I mean every word of it. It was all over my body and especially bad in my feet and legs and there were times when I couldn't get from my bed to my chair without help. And from the time I was a boy I couldn't sit down and eat a good meal without being in misery afterwards and I would have terrible pains around my heart and frequent attacks of palpitation and dizziness. I had a stubborn case of constipation, was troubled awfully with

blinding headaches and hardly knew what sleep was. My suffering had almost made a complete nervous wreck of me and I was so weak I wasn't worth a nickel so far as work was concerned. I thought my troubles had a life-long grip on me and was about as discouraged as a man ever gets.

"Well, before I had finished my first bottle of Tanlac I realized it was different from anything I ever tried. It suited my case exactly. And now for almost the first time since I want and digest it. I haven't an ache or a pain and have gained fifteen pounds in weight. I just feel good all over and am full of life and energy these days. Everywhere I go I talk Tanlac. It hasn't an equal."

Tanlac is sold in Ada by M. A. Wallis Drug store.

IN SOCIETY

A. P. Steed was in the city a short time this week visiting his parents, Mr. and Mrs. W. H. Steed.

N. T. McAllister, who has been located at Sweetwater, Texas, for the past month, arrived in the city this week for a visit with his family.

Miss Helen Donaldson who visited friends in Drumright over the week end holidays, returned to her home here Tuesday.

Miss Olla Hall of Maysville arrived in the city Tuesday for a visit with her friend, Miss Alta Marsh at her home, 827 East Ninth street. Miss Hall will visit here several days before returning home.

Mr. and Mrs. G. H. Harrison were mid-week visitors with relatives in Pauls Valley.

Miss Grace Wilborn left Tuesday afternoon for Oklahoma City where she will spend the week visiting relatives and friends.

Sirius Herring returned to his home in Oklahoma City yesterday after spending the holidays with his parents in this city.

Mrs. G. L. Kennamer left Tuesday afternoon for Sherman, Texas, where she will spend a few days visiting her parents.

Misses La Verne and Wanda Brown have gone to Hot Springs, Ark., for an extended visit with their father, Marvin Brown, and aunt, Miss Mayme Rogers, who are spending the summer there.

Mrs. Mable Duke and children, who have been visiting relatives at Sulphur for the past week, have returned to home.

Miss Fay Edsall, who has been visiting friends at Sulphur for several days, returned to her home here Tuesday.

Miss Vera Monasco of Stone Wall is in the city visiting her friend, Miss Johnnie Hall Fowler.

Mr. and Mrs. Ed Farmer left Tuesday for St. Louis where they will spend the summer visiting Mrs. Farmer's parents.

P. Y. P. U. Holds Picnic.

Tuesday afternoon at 6:30 members of the Junior B. Y. P. U. met in front of the First Baptist church and from there went to Glenwood park where a delightful time was enjoyed. Swimming, furnished amusement and afterwards a delicious wienie roast was held.

Following were members of the party: Lucile Smith, Lucile Webster, Mazelle McAllister, Edith McAllister, Emma Gregg, Avis Harris, Opal Wilmoth, Bernice Johnson, Genevieve Emory, Alpha Emory, Frankie Cowling, Clara Branscome, Bernice Payne, Martin Landers, Mack Braley, Harrell Webster, Julius Riddling, Hubert Laird, Wendell Thomas, Ross Ailes, Marion O'Neal, Troy Melton, Vernon Ailes, Leonard Braley, Alf Hardage, L. J. Gregg, Marvin Wilmoth, Billy Long, and Kelly Cowling. Chaplains were Mr. and Mrs. A. H. Davis, Mrs. J. T. Emory, Mrs. D. C. Payne and Miss Ora Shaw.

SERVICE MEN PAY LAST TRIBUTE TO PONTOTOC'S HERO

Funeral services of Floyd Bert were held at the Roff cemetery this afternoon under the auspices of the Jeff American Legion, assisted by visiting legionnaires. This was the first funeral to be held for a Pontotoc boy killed in France.

Military music was furnished by the Ada High school band which accompanied Ada merchants on the trade tour today and arrived in Roff in time for the funeral. Several Ada ex-service men were present. According to reports received from that place, Roff turned out en masse for the occasion and most of the surrounding country stopped work for a short time to pay last tribute to the soldier.

This funeral is the first of its kind ever held in the county. During the war thirty Pontotoc county men were killed, several of whom will be sent to Ada for burial. The body of Norman Howard, for whom the local post of the American Legion is named, will be one of the first to be buried here.

"ARDMORE SPIRIT" IS WINNER IN ANYTHING

ARDMORE, July 6.—(Special)—"It additional proof was needed of the 'Ardmore Spirit' the County Fair situation, at the present time, furnishes convincing evidence that Ardmore can do anything it starts out to accomplish," said James Barron, secretary of the Chamber of Commerce, recently.

A few live members of the Chamber of Commerce, who have at heart the interests of the town and the surrounding country, met a few weeks ago at a luncheon in our big dining room, and determined that the County Fair of 1921 would be the greatest ever held in Carter county, thus far, and the beginning of a fair that would develop into a Southern Oklahoma state institution. Various committees were appointed and plans made which will be worked out by the beginning of September and carry out the desires of those interested.

"The fair ground will be made pleasant and attractive for town people as well as visiting country people and will be a great meeting place for all residents of Carter county, where old acquaintanceships may be renewed and new ones formed.

If a thing is worth while it is worth spending money on, and the fact that the Ardmore merchants have given, in merchandise, prizes of nearly \$7,000 is a source of gratification to the Chamber of Commerce, the Fair Board and all concerned.

A Finance Committee will soon visit the professional and oil men and those other citizens who do not deal directly in merchandise, and ask them for the money necessary to provide places for the entertainment of visitors to the fair ground.

SHE REFUSED HIM

"I was engaged to the prettiest little doll in Indiana, but my stomach and liver trouble had made me so grouchy that she broke it off. I tried all kinds of medicine and doctors and got no relief. The gas blew me up like a porcupine and I had awful colic attacks. Finally I heard of Mayr's Wonderful Remedy and it has certainly fixed me up fine. I am now as good as ever." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.

Sold by Gwin & Mays Drug store.

MARRIAGE LICENSE

Four marriage licenses were issued yesterday by the court clerk's office as follows:

Ernest Mulloy, 23, Maxwell, and Miss Aultry Lawson, 15, Ada.
Joseph Hardin, 22, Roff, and Miss Clara Davis, 20, Henryetta.
Wallace Chandler, 22, Tyrone, and Miss Annie Stoker, 20, Konawa.
Clyde Price, 20, Ada and Miss Lulu McDaniel, 19, Ada.

A drowsy, half-sick, discouraged feeling is caused by a torpid liver and impurities in the stomach and bowels. Prickly Ash Bitters is a prompt and efficient remedy. Men who work need its cleansing and stimulating effect. Price \$1.25 per bottle. Sold by Gwin & Mays Drug Co.

ARDMORE RAISES FINE FOR OFFENDERS OF LAW

(By the Associated Press.)

ARDMORE, July 6.—Gun toters, purveyors of drugs and moonshiners and other flagrant offenders of the law will have a sorry day hence when they come within the police clutches in Ardmore. The limit of fines for all offenses in the municipal court is raised from \$20 to \$100.

The newly elected city Attorney, B. Orr, had been instructed by the city commission to draw up an ordinance to that effect. Heretofore the penalty limit was up to \$15 and \$1 costs, but the state limit of \$100 is now in effect.

Dr. Warner, D. O., the eyeglass specialist, will visit Ada every third week; office with Peoples Drug store, 219 East Main street. Have your eyes examined and proper glasses fitted. No extra charge for residence calls. Phone 662 for appointments and date of next visit. 6-22-Imo.

Bring your old iron with your light bill, we accept it in trade on a Hotpoint or Universal Electric Iron. Oklahoma Light and Power Co. 7-5-31d

Three County Pioneers Take Up Jobs As Commissioners Tuesday As New Fiscal Year is Started

Three pioneers, all of whom have seen at least 16 years of Pontotoc county's development and one of whom has been in what is now Pontotoc county for 30 years, took over the reins of office when they were officially sworn in as county commissioners at the court house late yesterday afternoon.

They are J. I. Laughlin, of west of Ada, H. Clay Stephens of Oklahoma, and W. H. Brents, who lives 18 miles south of Ada, near Roff. Retiring members of the board of county commissioners are W. H. Brumley of four miles east of Ada, and J. D. Pace of Stone wall.

J. I. Laughlin, who started yesterday his second term as county commissioner, came to Pontotoc county 16 years ago. As a citizen of the county he has been identified with some of the most important constructive measures and has helped carry through several important movements as county commissioner. One of the things secured by county commissioners during

his first administration which closed yesterday was the bringing of the \$100,000 federal road improvement to Pontotoc county. This stretch, which is being started now on the Ada-Alton road, is the first to be made in this part of the state and is expected to be "the best piece of road in the radius of 50 miles."

"I favor the construction of as many permanent bridges as possible over the county. In case the road bond issue comes up, I am for giving as many concrete-steel bridges to all parts of the county as are consistent with good business," he said on taking office for the second term Tuesday.

H. C. Stephens has lived in Pontotoc county since statehood and what is now Pontotoc county for 30 years. He is the "pioneer" of the new board of commissioners. He came to Oklahoma from Texas when he was only 13 years old and previous to being elected county commissioner was treasurer for Francis

township from statehood until the time the office was abolished. Under an inspection by the state auditor, it is reported his books were found to be not only among the most complete in the county but actually one of the best in the state. "I am for better roads and the construction of permanent improvements for roads as far as the county is able," Mr. Stephens said.

W. H. Brents, another new commissioner, served as such two years ago. He has lived in Pontotoc county 21 years and at his present place near Roff for 16 years. He was a member of the Pontotoc board of county commissioners that bought the site of the present court house, an investment which involved about \$10,000, and was instrumental in conducting the cat-dipping movement in the county at the time he was in office.

W. H. Brumley, one of the two retiring commissioners, has lived in the county 27 years practically all of which time he has spent on his farm four miles east of Ada. He was elected county commissioner four and a half years ago and is the oldest member from point of service on the retiring board. He was instrumental in bringing the \$100,000 federal aid road building project to the county and did much of the work in actually enacting

the work for the county in June, 1920.

J. D. Pace, the other retiring commissioner, has been on the board only since May, 1920, when he was appointed to fill a vacancy. He lives at Stone wall and has spent most of his 24 years in "the county on his farm near that town."

"I am on to the board as a filler but have done my best for the county," Mr. Pace said as he met yesterday in consultation session with the new and old commissioners. He also had been influential in improving county roads, building new bridges, and in bringing the new federal aid road here.

No matter where they live there's a nearby U. S. Dealer with his nearby U. S. Factory Branch

Who says that "bargain" tires are what the people want

MOST everybody knows the easy-going sort of man who never takes a tire seriously until he gets a blow-out.

How long he will resist universal tire education is a question.

But this is sure—

More people are finding out every day that between leaving things to luck and getting real economy there is a big difference.

Many a car-owner has come to U. S. Tires because he couldn't afford to keep on paying that difference.

Probably seven out of ten users of U. S. Tires came to them only after they'd had enough of "discounts," "bargain offers," "clearance sales of surplus stocks" and other similar appeals.

They have found economy—and they stick to it.

They pay a net price—not "something off list" that may not mean anything in the first place.

They get fresh, live tires, being made and shipped while this message is being written.

No matter where they live there's a nearby U. S. Dealer with his nearby U. S. Factory Branch.

U. S. Tires keep moving.

No opportunity to get old and dried out. No shifting here and there trying to find a market.

Every U. S. Tire a good tire, wherever you find it anywhere in the country.

Because the U. S. policy is a good policy that serves the car-owner all the time.

Doing the very best for him that human good faith can do.

THE U. S. CHAIN TREAD

One of the few tires of which it may be said that they deliver economy year in and year out and tire after tire.

The U. S. Chain Tread gives sufficient traction on all ordinary road surfaces. It is probably the handsomest, and by all odds the most popular, of the whole U. S. Fabric Tire line.

TALK CHRISTIANITY IS MORRIS' ADVICE

(By the Associated Press)

"Personal Soul Winning" was the theme last night of a sermon delivered by Rev. C. C. Morris, pastor of the First Baptist church in continuing the revival at the Oak Avenue Baptist church.

When Andrew found Jesus, the next thing he did was to go home and tell his brother, Peter. All about us are those who don't know Jesus; we rub elbows with them every day on the streets. The unsaved are thrown in our pathway

ANOTHER STAG

Miss Corinne Riely Barker, snapped on the ship's rail just before sailing.

Another pretty American screen star is sailing to join the American colony abroad. She is Miss Corinne Riely Barker. Miss Barker may do more than take a vacation abroad. She is seriously considering making an appearance on the legitimate stage while in Europe. Miss Barker has had many roles on the legitimate stage in this country as well as in pictures. She has played with Julian Eltinge, Elsie Ferguson and many other known stars.

every day as a challenge. We cannot be soul-winners until we feel a concern for those lost," the speaker said.

In continuing his discussion he added: "We need to get something of the awfulness of people going down into a dusty death without God and without hope. The reason many of us are not soul winners is we talk about the wrong thing. Talk less about your business, pleasures, and your neighbor and more about Christianity."

Discussing the effect of home life he said in part: "Our country is as strong as its homes. When our homes are full of jazz music and when our family affairs are torn down and the Bible is no longer read, then our homes will become places of worldliness and the nation is in danger of decay."

State News

DRUMRIGHT—All overhead electric wires and poles will soon be removed from the business section of the city, removing what officials describe as "one of the last unsightly things of the downtown district."

MAXWELL—Good roads boosters from Ada, Shawnee, Stratford, Asher and Maxwell will meet here Saturday night for the purpose of discussing promotion of the Ada-Asher road over the Asher bridge.

O-K MULGEE—The Okmulgee county branch of the Oklahoma State Poultry association will hold a poultry show in November. A campaign to secure funds and members will be started soon.

MUSKOGEE—A "Merchants and Manufacturers Traffic Bureau" will be inaugurated by the chamber of commerce here, to solve and aid in projecting problems confronting business men in their two industries.

TULSA—As the result of protest by Tulsa ministers, the Sunday night band concerts will not begin until 9 o'clock. Ministers charged the concerts were taking away the majority of their congregation.

Notice!

The official rat killer of the Names Is Names club is going to visit the house at 1330 Wabash avenue, Ft. Wayne, Ind., to see what can be done for Wm. Mouse-nest.—Exchange.

IDEAL TARGET SOUGHT BY

"Magna Carta to American Standard Party A"

(By the Associated Press)

WASHINGTON, July 1.—A law which would "become" Magna Carta for the perpetuation of the constitution of unified universal prosperity" was which the republican the house ways and means set for themselves the administration per says the report filed with today by Chairman Ford bill was formally filed in form in which it was last week.

The report was unsigned. Fordney said that it was that all republican members committee except Rep. Fear of Wisconsin were affix their names to it. ney made public last night statement attacking control and other provisions democrat members of the will meet late today to minority report which will be presented tomorrow.

Republican leaders will a conference of all the members which will reach ment as to the proposed method of handling the house.

His Motto.

We were interviewing a didate who was running for "And what is your favorite?" we asked.

"Put Yourself in His Place" applied the candidate.—Exchange

Is That So.

The hen said: "Man's a mutt, For knowledge he should a man can lay a carpet. But He cannot lay an egg"—Exchange

Here It Is!

The Finest Loaf the Baking World Has Ever Known

The New Butter-Krust BREAD

is on sale today in all good grocery stores. And we want every housewife in town who isn't using this splendid bread now to try just one loaf.

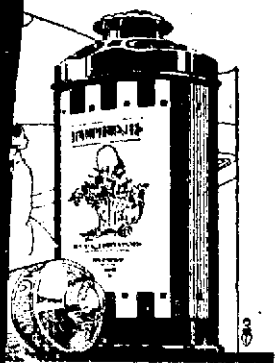

Especially we want the woman who bakes her own bread — because she wants her family to have the best — to try this new loaf. It's the taste that tells — and by the taste of this improved bread we want you to judge it.

Serve it to the family; see if they don't say it's the best bread they ever ate. Look for the label shown here.

Order early to avoid disappointment.
